To whom it may concern,

RE: HLANGANANI ENGINEERS AND PROJECT MANAGERS REFERENCE LETTER

Dear Sir / Madam,

Hlanganani Engineers and Project Managers have undertaken various projects on behalf of the Johannesburg Development Agency mainly in civil engineering discipline where they fulfilled a role of design engineer and construction monitoring as well as project management services.

Hlanganani Engineers and Project Managers were awarded Rea Vaya BRT Section 1, 2, 10 & 14 on 9 March 2009 to the value of R39 261 195.12 excluding Vat. in professional fees. They successfully completed the designs of all the said sections and undertook construction monitoring for BRT Sections 1 & 2. BRT Section 1 which was the first Rea Vaya BRT infrastructure project was successfully completed before the hosting of the FIFA 2009 Confederations Cup and BRT Section 2, trunk route in Noordgesig / Pennyville was successfully completed in 2012.

Hlanganani Engineers and Project Managers provided an exceptional professional service to the JDA, ensuring that the designs are completed and approved by the relevant authorities and the construction process is undertaken within the anticipated timelines and within budget. The guidance and project control that Hlanganani Engineers and Project Managers gave to other service providers in the project team was commendable and it resulted in the project being implemented in a holistic manner and community sensitivities such as employment of local labour, participation of SMMES and management of construction disruptions was excellent.

I would rate Hlanganani Engineers and Project Managers 5 out of 5 in terms of the service they provided to the JDA and would recommend them for any infrastructure project.

Please do not hesitate to contact us should you require any further information.

Kind regards,

Vuyiswa Voyi
